

ANDE MOKSHAGNA

+91 7075439700 mokshagnaande55@gmail.com [Linkedin](#) [Github](#) [LeetCode](#) [Portfolio](#)

Technical Skills

Programming: C, C++, Java, Python

Web & Cloud Development: JavaScript, HTML, CSS, React, SQL, MongoDB, AWS

Tools & Platforms: Git, VS Code, Eclipse, Notion

Core Subjects: Data Structures & Algorithms, OOP, DBMS

Projects

GradeUpNow [Live] [GitHub]

Dec 2024 – Present

Technologies used: React.js, Node.js, MongoDB

- Developing an education platform actively used by 200+ B.Tech students for programming and CS content.
- Designed a reusable UI component library, reducing future development time by 40%.

Project Management System [GitHub]

Jan 2025 – May 2025

Technologies used: React.js, Node.js, MongoDB

- Created a system to manage 50+ student projects, streamlining evaluation and tracking.
- Implemented role-based access control and improving system performance by 40% for 100+ students.

Sentiment Analysis (IEEE 2024 Publication)

June 2024 – Dec 2024

Technologies used: React.js, Node.js, MongoDB

- Co-authored and built an ML pipeline processing 50k+ reviews with 90% accuracy, applying research methods to real-world datasets.
- Demonstrated natural language understanding and product insight generation.

Coding Profiles

LeetCode: Solved **300+** problems covering Arrays, Dynamic Programming, Backtracking, Graphs, and Trees.

GeeksforGeeks: Ranked **75th** in the university leaderboard with 100+ problems solved.

Experience

Web Developer [GitHub]

Sep 2024 – Oct 2024

Prodigy InfoTech

Remote

- Collaborated with a remote team to design and deploy 5+ responsive web apps.
- Optimized layouts for full mobile responsiveness across 20+ devices and browsers.
- Technologies used: HTML, CSS, JavaScript

Education

Vignan University, Guntur

Aug 2022 – May 2026

Bachelor of Technology in Computer Science

Certifications & Learning

- AWS Certified Cloud Practitioner
- NPTEL: Management Information Systems; Leadership and Team Effectiveness
- Cambridge PET Certification (B1 English)

Achievements & Extracurriculars

- 1st Prize among 50+ teams at VVIT Idea Insight for innovative solution design.
- Organized a 24-hour hackathon with 180+ participants, fostering collaboration and innovation.
- Contributed a key ERP module used by 500+ students, improving data accessibility.
- Apart of my academics, I am State level Taekwondo player with 3 district level medals and 1 state level medal.
